

IN CASE OF A HURRICANE

Advance preparations

1. Plan your escape route.
2. Take pictures or make a video of your property and valuables.
3. Protect property - trim trees and landscaping to prevent wind damages.
4. Stock an emergency supply kit with extra water and nonperishable food items.
5. Check your insurance coverage and make sure policies are hurricane-ready.

Two - Three Days before landfall

1. Secure buildings and board windows.
2. Bring loose items inside - lawn chairs, trash cans, hanging plants, etc.
3. Stay tuned to local radio or television stations.
(Have a battery operated radio or TV in emergency supply kit.)
4. Set refrigerator to coldest setting.
5. Fill up bathtubs, sinks, and other containers with clean fresh water.
6. Park car as close to a building as possible if not in a garage.
7. Fill gas tanks for evacuation travel.
8. Get emergency cash.
9. Protect important documents in water-proof containers.

REPORTING A CLAIM

If our local phone lines are down due to storm damages, and we are unable to assist you personally: Visit Integrity Insurance online at <http://www.integrityins.org/>.

On the LINKS tab, you will find direct access to your insurance company's customer service and claims phone numbers.
