

TIPS FOR HOMEOWNERS

Did you know that most burglars prefer the front door entrance for gaining access into your home? As we move into our summer vacation months, consider a few tips on how to deter these front door robbers. Call Integrity Insurance at (225) 686-1217 to find out about home security discounts!

- *Don't hide keys in obvious places – not under the welcome mat or a flowerpot.
- *Keep hedges in front of your property trimmed – make it hard for the burglar to hide.
- *Keep the area around your house well lit – install motion sensor lights.
- *Put suitcases out of reach – those that are available can be used to haul away your valuables.
- *Keep tools and patio furniture locked up – they can help burglars break in.
- *Make sure door hinges are on the inside so the pins cannot be removed.
- *Secure sliding patio doors by placing a stake or dowel in the track.
- *Use deadbolts and multiple locks – as burglars look for the easiest & quickest ways to enter homes, they will bypass these homes and go to a single lock home.

FLOODZONE CHANGES IN LOUISIANA

In February 2012, FEMA issued Flood Zone changes for Livingston Parish and other surrounding areas. The new flood maps went into effect on April 3, 2012. Your property may have been impacted by these changes. If currently in Zones B, C, or X, your property may now be in a flood zone. Mortgage companies will be requiring clients to have flood insurance on these properties. If you have not yet received information regarding your property, please call us at 225-686-1217, and we'll assist you in locating the necessary map. Or, go to www.msc.fema.gov to search by your physical address. The Livingston Parish floodplain administrator can be reached at (225) 686-3021 or (800) 730-3029.
